Accessibility Notes

Recording & Minutes

This meeting, including minutes, will be recorded. If you do not want your name or presence recorded, please indicate so by directly messaging Kostyn in the chat.

Trigger Warnings

In talking about activism in Niagara, we may cover topics that can be triggering. We encourage people for both their mental and physical needs to take breaks, stand up, and move around as needed. In doing this, we ask that you keep in mind this can be distracting and come in-conflict with other people's needs, please turn your camera off as needed.

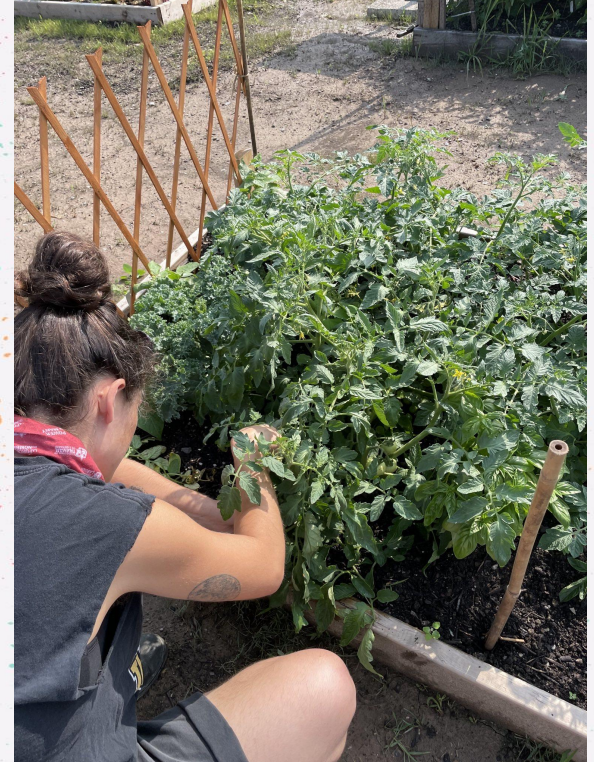

Tech Issues

If you are having tech issues, please message Marg directly in the chat.

Safer Space Policy

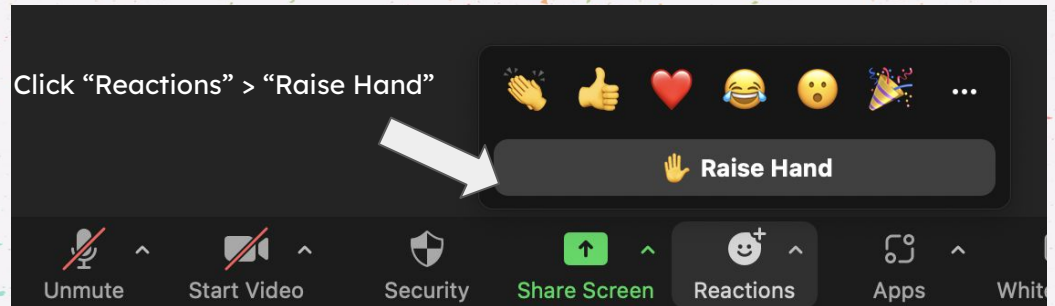

OPIRG Brock recognizes that it is unrealistic that our spaces will be a truly safe space for all individuals, but believes it is the right of all individuals participating to be free of these forms of oppression and that our best efforts must be put into combating them.

The intention of the Safer Space Policy is to combat homophobia, sexism, transphobia, gender policing, racism, classism, ableism, and other manifestations of oppression that threaten the physical or psychological well-being of individuals attending the meetings or events of OPIRG Brock, as well as people participating in OPIRG Brock Action Groups or as volunteers, staff, or board members.

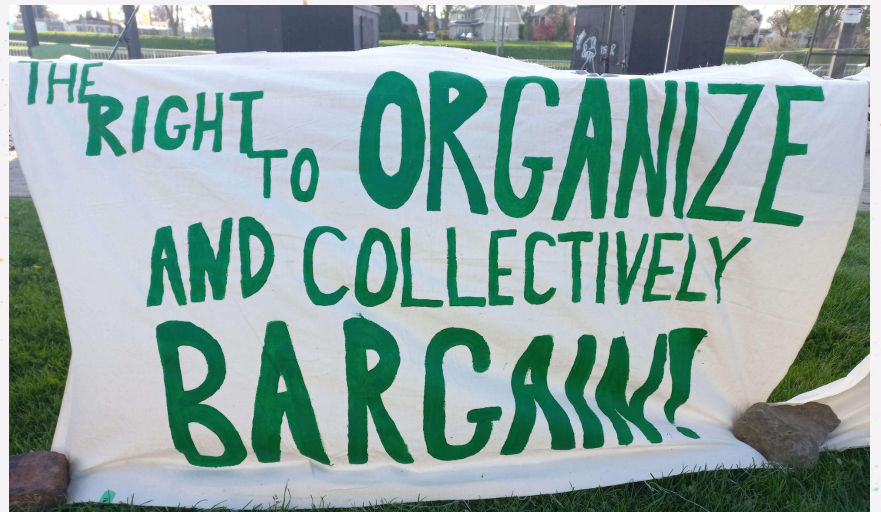

Decision Making Processes

- Please use the raise hand function or type in the chat to indicate you want to speak. Please lower your hand once you're done speaking or if you change your mind.
- Please mute yourself while not speaking.
- The Board of Directors election voting will be done through the link you received via email. The link will be available from 5:00pm - 7:00pm.
